

HUNGRY DOESN'T ALWAYS MEAN THERE IS NO FOOD.

SOMETIMES IT MEANS
THERE IS NO KITCHEN.

A family in a motel room. Someone without electricity or a stove. When there is no way to cook, groceries do not solve the problem.

Breadcoin provides tokens that can be used for a meal at local restaurants.

People choose what they want to eat and eat like any other customer. A meal with dignity.

Local restaurants are paid. The money stays in the community.

**Help put more Breadcoins
into your community.**
